

Homework Do's and Don'ts

Michael Hall
Washington University in Saint Louis
CSE567M

Expectations

- ❑ Grading basis:
 - Method
 - Correct answer

- ❑ Partial credit given based on work shown.

Do's

- ❑ Show intermediate calculations.
- ❑ Show equations or formulas used.
- ❑ If you use a spreadsheet, print it out and turn it in with the homework.
- ❑ For Excel, set the print area and scale the page accordingly to fit to the page width (see page setup).
- ❑ **Golden rule:** Is enough work shown that I can understand how you got your answer?

Don'ts

- ❑ Don't provide only the answer. Otherwise, how do I know how you got it?
 - (Note, there are some questions that have simple answers. These are exceptions to the rule.)
